BARRA BRONZE

Barra Bronze approach turkey farming as an artisanal craft and have been doing so since 1928. Their skilled farmers use traditional methods and have a deep understanding of their turkeys' needs to create a product that stands out for its exceptional taste and quality. From the slow growth process and natural diet to the hand-plucking and game-hanging, every step is carefully considered and executed with the utmost care and attention to detail. The result is a turkey that is truly a work of art, crafted to be the centrepiece of your Christmas feast.

Treat yourself to a whole Barra Bronze turkey this Christmas - the most beautiful tasting turkey around. Delicious golden crispy skin, meat that is seeping with juices which makes that delightfully rich gravy.
